INTRODUCTION

This report shows the distribution of Canada's population by birthplace and sex. The native-born population is classified by province of birth, and those born outside of Canada by country of birth, as it was constituted at June 1, 1961.

Historical comparisons back to 1901 are shown for Canada in Table 48. Figures for earlier years back to 1871 may be found at Table 44 of Volume I of the 1951 Census. All countries of birth for which separate figures are available from the 1961 Census tabulations are shown in Table 49 of this report for provinces. The remaining tables show a less detailed classification for other areas, e.g., counties, municipalities of 10,000 and over, metropolitan and other major urban areas.

The following summary statement shows the percentage distribution of the population by birthplace from 1901 to 1961.

Le présent rapport donne la répartition de la population du Canada selon le lieu de naissance et le sexe. Les personnes nées au pays sont classées d'après la province de naissance et les personnes nées à l'étranger, d'après le pays de naissance tel qu'il était constitué le 1er juin 1961.

Le tableau 48 donne des comparaisons chronologiques qui remontent à 1901. Le tableau 44 du 1er volume du recensement de 1951 contient les chiffres antérieurs à 1901 et qui remontent jusqu'à 1871. Tous les pays de naissance à l'égard desquels des calculs ont été faits d'après le recensement de 1961 sont indiqués par province dans le tableau 49 du présent rapport. Les autres tableaux présentent un classement moins détaillé pour d'autres régions telles que les comtés, les municipalités de 10,000 habitants et plus, les zones métropolitaines et les autres grandes agglomérations urbaines.

L'exposé sommaire qui suit donne la répartition procentuelle de la population selon le lieu de naissance de 1901 à 1961.
